Re: BSE/TSE Statement

Ardent Mills, LLC certifies the following with respect to the products supplied by Ardent Mills facilities.

- Mammalian protein products, as defined in FDA regulation 21 CFR 589.2000, are not knowingly handled at Ardent Mills facilities where the products supplied are produced and/or shipped.
- Cattle Material Prohibited in Animal Feed, as defined in FDA regulation 21 CFR 589.2001, is not knowingly handled at Ardent Mills facilities where the products supplied are produced and/or shipped.

This would also apply to Bovine Spongiform Encephalopathy (BSE) (commonly referred to as “mad cow disease”) or Transmissible Spongiform Encephalopathy (TSE) that affects cattle.

Sincerely,

Ardent Mills Regulatory Team
