

Keto-Friendly Flour Blend

KETO-FRIENDLY FLOUR BLEND

Kick your innovation into high gear with our versatile Keto-Friendly Flour Blend.

This functional ingredient system was developed specifically for R&D teams to streamline product development, run on existing equipment and enhance speed to market.

Offering keto-friendly foods that taste great can help you to meet the growing consumer demand for foods with a health halo!

This **Keto-Friendly Flour Blend** replaces traditional wheat flour and can help you easily develop products that cater to the mindful keto-friendly consumer. Allow your customers to enjoy the taste, texture and crunch they crave in bread applications without compromising their nutritional goals.

Applications

- ◆ Breads
- ◆ English muffins
- ◆ Buns and rolls
- ◆ Tortillas
- ◆ Bagels
